Savings Department.

WE DESIRE to call to the attention of the Public the exceptional advantages and unusual protection afforded Depositors in our SAVINGS DEPARTMENT. FIRST: Our SAVINGS DEPARTMENT, in compliance with the State Law, is operated entirely separate from our Commercial Department, and we are required to have at all times at least 15 percent of entire deposits in actual cash in vault.

SECOND: We may invest the funds of this Department only in Government Bonds, Municipal Bonds and First Mortgages on improved real estate worth at least double the amount loaned thereon.

These provisions give to our depositors security unparalleled.

INTEREST is paid in this department at the rate of 4 percent, and credited January and July 1st each year, no matter where the depositor may be.

Business men, professional men, mechanics, laborers, people of all classes find a Savings account valuable in many ways. Always available in case of sudden need, yet yielding a moderate profit.

HOME SAVINGS BANK PROVIDED FOR THE CHILDREN.

Commercial Department.

We also buy and sell vendor's lien and other mortgage notes, and our Commercial Department is amply equipped to take care of desirable business, be it large or small.

ROSWELL AFTER NEW RAILROAD

Boy Dies From Kick of a Horse—News of Pecos Valley.

Roswell, N. M., Aug. 8.—Officials representing the Texas Central railroad arrived in Roswell by the way of the auto route from Snyder, Texas, on a trip of personal inspection over the country through which it is proposed to extend the line, which now terminates at Rotan, Texas, in the southern part of the Staked Plains.

At a called meeting at the Roswell Commercial club, the committee made a statement of the purpose of the expedition. After talks by members of the committee and by various prominent business and professional men of Roswell it was decided that Roswell would be a splendid rail stop and be taken to raise a bonus.

Reports from Carlsbad and from Malaga are that there were good rains there and a telephone from Knowles, on the east plains in Eddy county, says that a splendid rain fell all over the plains country.

Dennis Stewart, the 4-year-old son of Mr. and Mrs. Toke Stewart, died as the result of being kicked by a horse three weeks ago.

The Market. In the wool market no sales have been reported for several days, although there are several Massachusetts buyers in this community. Sales of several cents of green alfalfa have been reported as bringing \$12.20 per ton. Hops, N. M. peaches are bringing 5-1-2 cents a pound, \$2.75 per bushel, which is a marked contrast with peaches at Nacodoches, Texas, which are selling at 10 cents a bushel. Hops, N. M. plums are selling at 6 cents a pound.

To Drill for Water. A mass meeting of the citizens of Gamma valley, 60 miles north of Roswell in Chaves county, was held to raise money to drill a prospect well in the valley in the anticipation of securing artesian water. Seven hundred and sixty-five dollars was immediately secured and this amount will be added to a fund of \$2000 that can be secured in Roswell and from the dry farmers of the Gamma valley.

Attends Institute. Prof. W. B. McFarland, superintendent of the public schools of Silver City, came in last night from El Paso, where he has been visiting the teachers' institute.

Roswell Crack Shots. Capt. M. S. Murray has selected Woodland Saunders, Burke B. Dietrich and Woodruff to represent the light battery of Roswell at the preliminary shoot of the military forces of New Mexico at Las Vegas next week. They go as riflemen to compete for places on the New Mexico team that will go to camp Perry, Oklahoma, for the national shoot of the United States war department, which opens August 18.

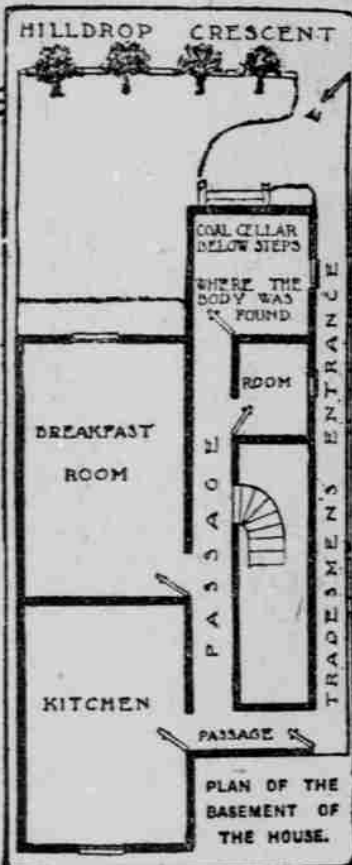

Howard Arlham left for El Paso, where he expects to leave permanently. Can't See Ball Game Over Fence. C. S. Wolcott, who was fined \$5 and costs for watching the game of baseball between Albuquerque and Roswell from outside of the fence, without paying admission fee, has decided to pay the fine and costs and not appear. He stated that he was not trying to beat the amusement association out of the admission fee, and was talking to a man on business in the vicinity of the baseball game, outside of the fence, when he was arrested.

Saloon Man Quits. Charles Woodruff, formerly one of the owners of the Grand Central hotel bar before Roswell went dry, July 1, left for California, and will prospect in that state for a new saloon opening.

Want Fire Wagon Drive. Fire chief Charles Whitman has issued an advertisement calling for application for a driver in the fire department. A member of the fire department was recently released for taking a drink of whiskey while on duty.

Newspaper Sold. Bernard F. Mullane, United States commissioner at Knowles and editor of the Knowles News, on the plains in the east part of Eddy county, has sold the paper and the plant will be moved to King, on the plains in Eddy county.

John Garner of Kenna, N. M., has decided to locate and has made arrangements to open a first class grocery store. Constitutional Delegates. The Republicans of Chaves county in delegate convention in the temporary court hall in the Gaillard building Saturday afternoon, nominated four candi-

Mrs. H. H. Crippen (Belle Elmore, at top), a picture (on the left) of the Crippen home in North London, and a diagram of the inside of the same. The body of Mrs. Crippen, according to the London cable reports, was found in the coal bin. "Quick lime had been thrown upon the body and it was hardly recognizable. Crippen, who was arrested upon the steamship Montrose by Inspector Dew, of Scotland Yard, who boarded the vessel at Father Point, is now in jail in Quebec and will be extradited to London August 15. His typist, Ethel Clare Leneve, who, dressed in boy's clothing, was also taken in custody, will be extradited with the doctor.

dates for the constitutional convention. Those nominated were E. R. Cahoon, cashier of the First National bank of Roswell; Elza White, one of the principal owners of the Panasco Sherm company; ex-governor Herbert J. Huerman and Col. J. H. Elliott, a farmer of Dexter.

The Democrats have out the following ticket, consisting of National candidates (only four are to be elected from this county): Green B. Patterson, lecturer of the Farmers' union of Chaves county; of Gamma valley; J. L. Gibbany, president of the Painters' union of Roswell, candidate of all the labor unions of the county; John J. Hinkle, banker of Hagerman; M. C. Finley, farmer of Roswell; James Sherman Kirby, city editor Roswell Register-Tribune; W. G. Urton, farmer, Roswell; Judge Emmett Patton of Hagerman, and attorney Granville A. Richardson, of Roswell.

Precinct Young Couple Wed. J. H. Gee, of Carlsbad, formerly cashier of the First National bank of Elida, and a well known school teacher, and Miss Augusta Aeschbacher, of Elida, were married by Rev. Mr. Shelton, of Elida. They will go from here to Carlsbad, where they will make their home.

Mrs. A. J. Ballard is seriously ill with pneumonia. She is the mother of Capt. Charles L. Ballard, sheriff of Chaves county; Richard Ballard, clerk and recorder of Chaves county; William Ballard, ranchman; Robert Ballard, grocer; James Ballard, of Ballard & Best, livermen; Mrs. James Manning and Mrs. James Johnson.

Falls 16 Feet. W. R. Fuston, a carpenter, who with his partner, E. Brooks, is working on the new Oklahoma Smith building on Fourth street, fell a distance of 16 feet, landing in a pile of brick, breaking three ribs and dislocating his left shoulder and left elbow.

SEVENTEENTH HOUSE BURNS AT ESTANCIA. Santa Fe, N. M., Aug. 8.—The seventeenth house to be destroyed by fire in the village of Estancia, Torrance county, in the past two weeks, was that of P. A. Speckman, editor of the Estancia News. The house was struck by lightning when the family was away and destroyed with all contents before they returned. There was only \$500 insurance on the structure.

Lightning also struck the house of Dr. M. Ewing at Estancia. The lightning tore out part of the weather boarding, brought down the plaster and broke a mirror. The four inmates of the house escaped injury.

People can live in a temperature which feels from ten to twenty degrees cooler than their neighbors enjoy, by regulating the diet.

The plan is to avoid meat entirely for breakfast; use a goodly allowance of fruit, either fresh or cooked. Then follow with a saucer containing about four heaping teaspoonsful of Grape-Nuts, treated with a little rich cream. Add to this about two slices of crisp toast with a meager amount of butter, and one cup of well-made Postum.

By this selection of food the bodily energy is preserved, while the hot, carbonaceous foods have been left out. The result is a very marked difference in the temperature of the body, and to this comfortable condition is added the certainty of easy and perfect digestion, for the food being partially pre-digested is quickly assimilated by the digestive machinery.

Experience and experiment in food, and its application to the human body has brought out these facts. They can be made use of and add materially to the comfort of the user.

MIMBRES VALLEY LAND IS VALUABLE

Another New Well Working; Many Filings on Land Recorded.

Deming, N. M., Aug. 8.—John Hund has a standing cash offer of \$16,000 for his 160 acres three miles southeast of Deming, only half of which is in cultivation. This quarter section cost \$1200 one year ago. His improvements consist of a pump and pump which cost \$3000, a small dwelling, the grubbing of 80 acres and a rabbit proof fence around his field. The offer is open for four months.

Dr. J. M. Williams has started pumping his well, five miles southwest of Deming. This well is one of the largest of the electric power line, and delivered about 800 gallons per minute. This plant consists of a No. 5 pump, which is run by a 25 horse power direct connected motor. The lift is about 60 feet and the total depth of the well about 150 feet.

Paul J. Case, who has been scolding a few days in Deming, has returned to Leopold.

In the United States land office here Zachariah D. White entered 160 acres west of Hondo; Mary E. Lucas entered 320 acres under the desert act, 14 miles south of Deming; James H. Tingle entered a homestead 14 miles south of Deming, and 160 acres as a desert claim in the same neighborhood; Sarah E. Tingle entered a half section under the desert act, 14 miles south of Deming; Allison P. Webb filed on 280 acres of land under the desert act, 14 miles south of Deming; Robert Neeland filed a homestead 15 miles south of Deming; final proof was made by Matt W. Ralston on his homestead nine miles southwest of town, and Laura I. Ralston offered annual proof on her desert claim in the same neighborhood; S. C. Pierce filed a homestead 15 miles southeast of Deming. The following contests were filed: Lucas vs. Alkman, Lucas vs. Mosley. E. Soliz filed notice of intention to make final proof on his homestead, eight miles east of Deming.

STAGE ROBBER SUSPECTS HELD

Five Men Arrested Following Holdup of the Mogollon Stage.

Silver City, N. M., Aug. 8.—Messages received here state that five men have been arrested in connection with the holdup of the Mogollon stage for a second time.

Leading off from the divide where the robbery occurred are numerous trails, and any one of them is over rough peaks and into canyons and gorges that no one except a well trained mountain climber could follow. The hour is quite dark at the time the stage passes this point and the successful manner in which the former stage holdup was pulled off made this the natural point at which the bandits would make attack. Jose Dominguez, the stage driver, was evidently shot almost instantly. He made no resistance.

Recovery has been made of the mail and all bullion.

VALENTINE WILL HAVE A CENTRAL TELEPHONE LINE.

City Waterworks Installed; Literary Society Meets; Rains Throughout Valley; Personal.

Valentine, Texas, Aug. 8.—Valentine will soon have installed a central telephone system with office next door to the Red & Newton meat market. George W. Newton is the promoter. Mr. Newton has 40 telephones to install at once, and many promises. He is getting material for posts from the Fort Davis mountains.

Since the installation of the city waterworks by Thomas Dean of Alpine, S. E. Burton, with a force of workmen, is laying numerous pipe lines from the mains to private residences. Mr. Burton has two deep wells located in the highest part of town, affording an abundant pure water supply.

H. G. Hinson is helping Lester S. Smith to erect his new barn.

L. D. Loutin is in from Holland's valley and says fine rains have been falling over the valley for several days.

Cook Moore is in from his ranch in the Fort Davis mountains and reports rains in that section.

Mr. and Mrs. L. W. Roberts of Marfa were in Valentine in their auto en route to the Cammins ranch, but on account of the rainfall west of Valentine they returned to Marfa.

Dr. Yeaklin and wife were in from the Chambers ranch and brought a supply of vegetables to "grandpa" Jones, who has been ill for several days.

Mrs. D. A. Smith, who has been confined to her home on account of illness, is improving.

Rev. F. Craver of Sierra Blanca preached in the Union church Sunday.

Mr. and Mrs. James A. Quinn, who have been in Valentine the past three weeks, have returned to their home at Houston.

The Valentine Literary society will meet in the auditorium of the high school building Saturday, August 13. An election of officers will take place at this time and an interesting program will be rendered. The question for debate is "Resolved: that steam engines are the greatest invention in the age."
